Defogger

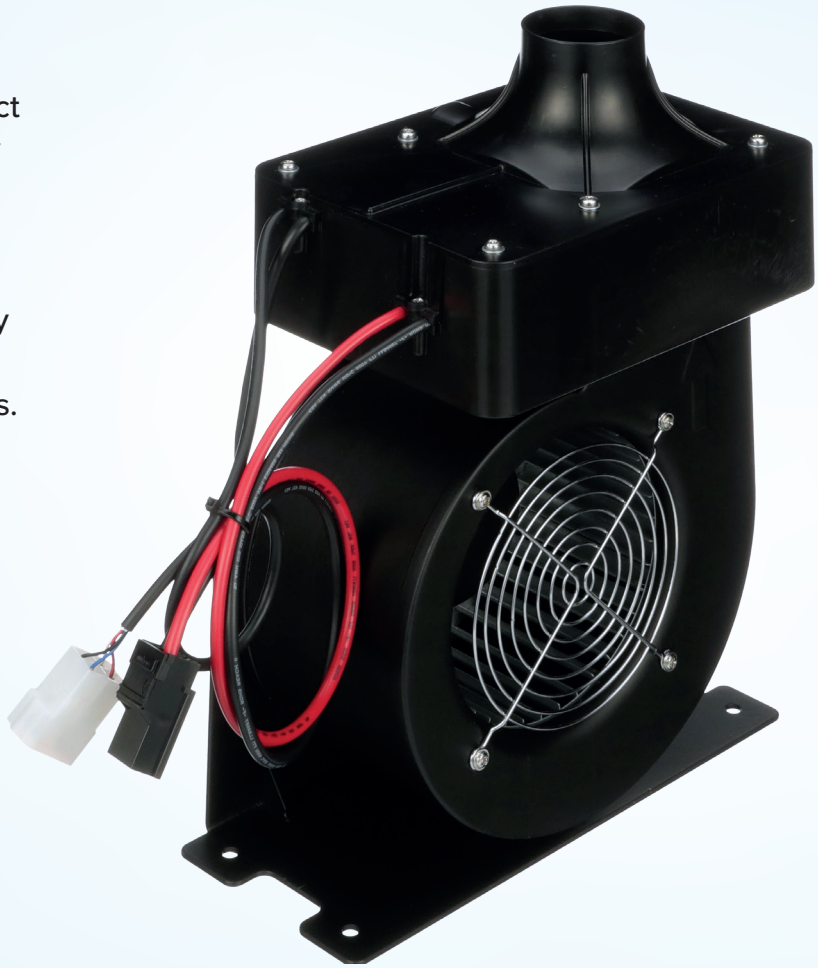

12v Windshield Demister

SEEKR by Caframo

Co-developed with Groupe Beneteau for use on their Jeanneau Merry Fisher product line, the 12v Caframo Defogger is primarily designed for use in outboard boats with enclosed wheel houses.

The 2-speed, 12v Defogger unit will quickly clear a fogged windshield of up to 2m², automatically shutting off after five minutes.

The unit is economical to run, features a long life brushless motor, and has a single 50mm OD outlet, compatible with commonly available ducting and vents.
